

South Central College

GST 250 Global Studies Practicum

Common Course Outline

Course Information

Description

The purpose of the Global Studies Practicum is to provide students earning a Global Studies Certificate an opportunity to synthesize, integrate, and apply competencies from their coursework to a meaningful experience. The course consists of 12 hours or more of hands-on, experiential learning and 4 hours or more of consultation and supervision from an SCC instructor. The Global Studies Practicum is required in order to receive the Global Studies Certificate and it is recommended you take this

Pre/Corequisites

Completion of GST 100 with a grade of C (2.0) or above, or permission of the instructor.

Institutional Core Competencies

Cultural Competence - Students will be able to demonstrate an attitude of personal curiosity, a rising knowledge of cultures, and an evolving range of skills for living and working among others with other worldviews and ways of life.

Course Competencies

1. Engage in an experience directly connected to global learning.

Learning Objectives

Propose a significant learning experience with assistance from a faculty member.
Plan the details of your project, including any required research or networking with outside entities.
Document your activities and observations as you complete your project plan.

2. Reflect on significant learning experience(s).

Learning Objectives

Identify lessons you have learned from the project experience(s), including any changes to your thinking.
Assess personal growth and changes to attitudes and/or beliefs.
Tie experiential learning to past or present experiences.

3. Use relevant coursework taken for the global studies certificate to analyze learning experience(s).

Learning Objectives

Identify the subjects, disciplines, and global issues associated with your learning experience(s).
Explain the significance your academic studies have on the meaning of your learning experience(s).
Articulate your understanding of global studies and what it means to be a global citizen.

4. Explain how you might apply your experiential learning to outside and/or future contexts.

Learning Objectives

Identify the project conclusions that bridge to outside and/or future contexts.
Speculate on how the project conclusions might apply to your future personal life and career.
